REMARKS

Claims 1-20 have been allowed in the application. A Notice of Allowability was mailed November 13, 2008. On December 24, 2008, a Notice to File Corrected Application Papers – Notice of Allowance Mailed was issued requesting Applicants to provide replacement drawings due to a label omission on Figure 5. Applicants believe that the drawings currently being used by the U.S. Patent and Trademark Office are the drawings originating from the underlying International PCT Application, Publication No. WO 2004/093657, and are not the formal drawings filed by Applicants on October 20, 2005 with the current application. However, in an effort to fully comply with the Notice to File Corrected Application Papers dated December 24, 2008 and to expedite issuance of the application, Applicants attach nine (9) sheets of Replacement Drawings, including Figures 1-9. Applicants believe that a full and complete response has been made to the outstanding Notice to File Corrected Application Papers. If the Examiner believes that personal communication will expedite issuance of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,
